

WORKERS' QUEST FOR JUSTICE

International Webinar | 23 November 2020

The Council of Global Unions (CGU) will discuss the latest human rights developments in the Philippines, especially with the issuance of the Implementing Rules and Regulations (IRR) of the anti-worker Terror Law, and how unions can utilise international instruments to force the Duterte government to uphold and respect human and trade union rights.

Let us hear testimonies from the victims themselves, empathize with the state of trade union rights and human rights in the Philippines and collectively seek for justice!
