AGREEMENT
between SCA and INDUSTRIALL GLOBAL UNION / PAPPERS / SCA EWC

Preamble

The aim of this Agreement is to promote cooperation and social responsibility within SCA’s world-wide operations. Cooperation is built upon mutual respect, confidence and freely available and honest information, and ensures the possibility for employees and their representatives to influence decisions through consultation\(^1\) with SCA management. Promoting social responsibility includes important principles concerning human and trade union rights, as well as improving health and safety in the workplace and environmental protection.

This Agreement covers all activities where SCA has direct control. Where SCA does not have direct control, it will exercise its best efforts in order to secure compliance with the standards set out in this Agreement. SCA will notify its subcontractors and licensees of this Agreement and encourage compliance with the standards.

The parties to this Agreement are SCA, the Swedish Paper workers Union (Svenska Pappersindustriarbetareförbundet-“Pappers”), IndustriALL Global Union and SCA EWC (European Works Council).

Based on the parties' common recognition of fundamental human rights and SCA’s own values as expressed in its Code of Conduct, the purpose of this Agreement is to monitor the practical application of the agreed principles. This Agreement also provides the parties with a basis for discussing improvements in working practices or any positive contribution they may wish to make to economic and social progress.

Principles

The parties are in agreement that the following principles, derived from ILO Declaration on Fundamental Principles and Rights at Work, ILO Conventions No. 29 “Forced Labour”, No. 100 “Equal Remuneration”, No. 105 “The Abolition of Forced Labour”, No. 111 “Discrimination”, No. 138 “Minimum Age”, No. 182 “Worst Forms of Child Labour”, and SCA’s Code of Conduct, will guide SCA’s activities and its relations to its employees. SCA requires that all its employees – irrespective of their function, grade or standing – observe the following standards of business and personal ethics in the conduct of their duties and responsibilities.

1. SCA will use the core labour standards of the ILO as the guiding principles and will as an absolute minimum comply with all applicable national legislation, collective agreement and regulatory requirements.

\(^1\) Exchange of views and establishments of a dialogue
2. SCA actively strives for the continuous improvement of health and safety in the workplace and environmentally responsible behavior. SCA aims to provide a safe working environment for its employees. All SCA units will, as a minimum, strictly abide by national laws and collective agreements relating to workplace safety. The parties to this Agreement will also strive to ensure high standards within the SCA group of companies deploying common “best practice” standards.

3. SCA strives towards a non-discriminatory company culture based upon responsibility, excellence and respect, which builds upon the talents and commitment of its global workforce. It is the policy of SCA to treat all current or potential employees fairly and without prejudice. SCA is committed to eradicating any unfair or discriminatory practices should they occur. All employees will be given the opportunity to progress within SCA without regard to their gender, marital or parental status, race, ethnic or national origin, sexual orientation, religious belief, political affiliation, or disability.

4. SCA strives to provide employees with opportunities to train for job enrichment and increased responsibilities.

5. SCA is committed to paying fair wages and benefits according to relevant market standards wherever it operates. Working hours shall comply with appropriate national legislation, national agreements and industry standards. Overtime shall be remunerated at a premium rate in accordance with national legislation or collective agreement.

6. SCA recognizes that its workers are key to its success. SCA is therefore committed to ensuring that both permanent, part time workers and hired-in personnel are treated fairly. SCA recognizes that permanent employment is preferable to both parties. The parties acknowledge that occasionally hired-in workers are necessary and that effective use of such allows SCA to quickly adapt to changing conditions.

Outsourcing is normally an area where SCA is formally obliged to notify and conduct formal negotiations with its employee organizations and will comply with any such requirements.

7. SCA will demonstrate good faith and mutual respect in dealing with its employees and their representatives in the workplace. SCA recognizes the fundamental right of every employee to decide on whether or not to be represented by a recognized trade union of their choice. SCA also recognizes and respects basic trade union rights covering freedom of association, right to organize and the right to engage in collective bargaining (ILO Conventions No. 87 “Freedom of Association and Protection of Rights to Organize”, No. 98 “Right to Organize and Collective Bargaining”). SCA has a long tradition and positive experience of relations with trade unions and strives for cooperation and a good relationship with trade unions and representatives. SCA will ensure that members and official representatives of trade unions are not subject to any form of discrimination and that they are kept informed in accordance with SCA’s industrial relations policy.
8. SCA respects fundamental human rights and will be guided in its operations by the provisions of the United Nations Universal Declaration of Human Rights.

9. SCA supports and respects the protection of human rights within its sphere of influence; in particular the effective elimination of compulsory labour and child labour, and it will make this criterion in the choice and management of its relationships with suppliers and sub-contractors. At the same time any proven violation of the principles contained in the Agreement that is not remedied despite warnings will lead to termination of relations with the company concerned.

10. SCA recognizes the seriousness of blood borne virus infections and the potential impact they can have on the workplace and lives of employees. SCA will therefore address blood borne infection in accordance with adopted policy.

Implementation

SCA will inform its business groups about the existence and the content of this Agreement. SCA will take necessary steps to make all local site management aware of their obligations according to this Agreement. SCA will ensure that appropriate translations of the Agreement to all affiliates that organize employees in SCA world-wide, and broadly publicize the existence of the Agreement and explain its implications to their affiliates within SCA. The parties to the Agreement may also decide to cooperate jointly in promoting and explaining this Agreement and its implications.

Grievance / Complaint / Procedure

In the event of breach of the Agreement the following procedure will normally apply to claims by covered employees:

1. The employee or her/his local trade union should raise the complaint with the local site management.
2. If the complaint is not resolved with the local site management the appropriate national trade union will raise the issue with the human resource department at business group or regional level.
3. If still unresolved, the complaint will be referred to IndustriALL Global Union / Pappers who will raise the issue with SCA Corporate Management.

Review

SCA, Pappers, IndustriALL Global Union and SCA EWC will meet every second year to review practice in the area of the agreed principles and follow up this Agreement.
Duration, Renegotiation and Termination

Hereafter the agreement is applicable for an indeterminate duration if not cancelled or asked renegotiated by one of the parties. Cancellation or renegotiation must take place with a notice of at least 6 months, and shall be followed by mandatory negotiations initiated by the company.
