To the Workers of Ceramica Cleopatra, Suez Egypt.

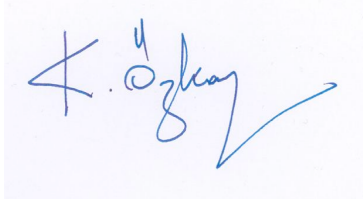

Greetings and Solidarity from IndustriALL Global Union

Dear Colleagues:

I am writing to you on behalf of [IndustriALL Global Union](http://www.industriall-union.org), which represents more than 50 million workers in mining, energy and manufacturing industries in some 140 countries. We have been informed of your long standing struggle for trade unions rights and respect in the workplace. We are appalled to hear of the pressure and intimidation you and your union representatives have faced over many months.

We salute your bravery in the face of these continued employer attacks. Please accept our greetings and message of solidarity. We fully support your struggle for trade union rights and as well as demanding that the employer fully implement the collective agreement and reinstate the trade union committee members, we are urging the government of Egypt to intervene and protect workers from these outrageous threats as well as fully meet their obligations under ILO Conventions.

Yours In Solidarity,

Kemal Ozkan
Assistant General Secretary
